KNIPEX Alligator®

DIN ISO 8976

- good access to the workpiece due to slim size of head and joint area
- more output and comfort compared to conventional water pump pliers of the same length: 9-notch adjustment positioning for 30 % more gripping capacity
- box-joint design for high stability due to double guide
- self-locking on pipes and nuts: no slipping on the workpiece and low handforce required
- guard prevents operators' fingers being pinched
- favourable lever action: optimum transmission of force
- gripping surfaces with special hardened teeth, teeth hardness approx. 61 HRC: high wear resistance and stable gripping
- with slim multi-component grips without collar for better handling and easier transport
- Chrome vanadium electric steel, forged, multi stage oil-hardened
